

Things to consider:

1. Our bop club needs participation from all members and potential members.
2. Unfortunately for clubs like ours, many of our members cannot come on a regular basis due to illness, age, or moved away. We need active members who can assist with the "chores" of having regular dances and special events.
3. Attached is a checklist form for you to review. It lists different opportunities to serve the club and help it keep moving forward. It also has blanks where you can write in other areas that you think you could help.
4. This July is our 20th anniversary as a club (2002 - 2022). This event will be well attended. Many volunteers will be needed for planning and the execution of those plans. Sandi Martin is Co-Chairing this event.
5. This fall will be election of officers. Think about how you can support the club with your service. There will be members needed for the nominating committee in late August. It takes time to find interested members for these positions. It is a commitment.
6. To continue our Big Event, Dancin' in the Park, there has to be a committee to meet with the Hotel Hot Springs very soon to discuss contract terms and conditions. If no contract is signed with the hotel, then this event will not happen in May of 2023. It is expensive to hold a dance convention and it takes committees and folks working together. Memphis Bop Club had to discontinue their dance convention several years ago due to escalating expenses and lack of volunteers. That could possibly happen to our club.
